ABOUT US

Year- 2010, the Experienced Directors started the journey with the manufacturing of Automotive glasses, equipped with state of the art plant & machinery (12000 Sq.Mtr) based at Uttarakhand. Two years later they started another wing in the field of modern architectural field by importing & trading the latest architectural toughened glass hardware solutions with brand-name AURAMAX.

Our Enterprise always adhere to the honest, truthful, fair & innovative spirit, with a proven successful market record in continuous research, development & sales.

Constantly seeking to refine and improve to add elegance and functionality to the modern architectural styles and concepts. In year 2016 we offered our channel partners / customers the economical, efficient and reliable range of AURAMAX Electrical Products.

In Delhi & Mumbai at our Electrical products manufacturing facility, we are equipped with modern machines associated with Osaka, Japan based manufactory which is having over 7 years of OEM and ODM expertise in all areas of electrical products capable of offering mold design, mold manufacture, specification design, interior chamber construction, assembly, and quality assurance services all over the world.

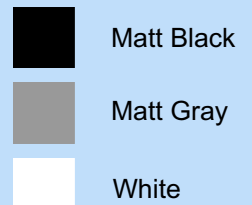

The Company focus on innovation and plan to introduce new products. The R&D aims to satisfy customer needs and develop environmentally friendly products.
